## WORLD MEDICAL KNOWLEDGE PLATFORM

**Greetings.** The International We Serve Foundation (IWSF) celebrated **Global Philanthropy** and the **86<sup>th</sup> Birthday** of our **beloved Excellency Dr. A. P. J. Abdul Kalam** on Oct. 15, 2017 at the Singletary Center, at the University of Kentucky campus in Lexington, KY, USA.

As advocated by **H. E. Dr. Abdul Kalam**, in collaboration with the **University of Kentucky Healthcare CE Central**, on Oct. 15, 2017, IWSF launched the '**KNOWLEDGE CONNECTIVITY**' Project - the '**WORLD MEDICAL KNOWLEDGE PLATFORM**' (WMKP). This provides **FREE, accredited, online Medical Education & valuable information** shared among healthcare professionals all over the world. There is **no cost or expense** to participate & use this Free Literacy Project.

**Keep up with advances:** WMKP encourages all healthcare professionals – members of all medical organizations, professional colleagues, healthcare institutions in the world to make use of and share useful information about endemic illnesses. With the ease of travel to any part of the world, healthcare providers in any country need access to knowledge on endemic illnesses to detect and provide appropriate care. WMKP shall facilitate exchanging such vital knowledge among medical providers.

**Patient Information in many languages:** If Patient Education Materials are available in the local languages, IWSF will provide that online free for the patients and their families. An informed patient is much more compliant in taking care of their health.

The FREE Education Portal: **[education.weservefoundation.org](http://education.weservefoundation.org)**

**'How to' Handbook:** The simple to follow Brochure (provided in the portal) explains how to use this. Your Feedback will help improve the contents. IWSF is grateful for your support.

Thank you for your kind cooperation and support.
