Dear friend David,

Very kind of you to take time and meet with me on Aug 8 th. Thank you for the wonderful personalized mail. The luncheon meeting was very meaningful as we discussed a number of collaborative ways to promote the Gatton College.

Under the '**IGNITING MINDS**' mission of the '**We Serve**' **Foundation**, several rural schools and > 6,000 poor students in India are covered by the Virtual Classrooms. Efforts are underway to expand this to over 20,000 students by the end of Sep. 2012. Our objective is to reach 50,000 by the end of Dec. 2012. With Almighty God's blessing we aim to reach out to over 50 million within five years in several countries.

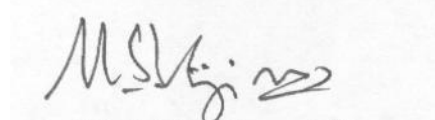

Sincerely hope the Gatton College, its faculty, students and alumni play a significant and definitive role in empowering the billions of poor citizens of the world in collaboration with the 'We Serve' foundation. When convenient for you, the faculty, alumni and students, I will be glad to make a brief presentation about the 'We Serve' Foundation to explore ways to collaborate and participate in this lofty mission to provide Knowledge Connectivity to millions of deserving and less fortunate citizens of the world.

If time permits, will be delighted to make a brief 8 or 10 mt presentation and answer any questions at the upcoming Nov. Advisory Board Meeting to explore ways Gatton can be engaged in this societal mission.

Saddened that > 300,000 teachers in the US have been laid off. We are launching the 'No Teacher Left Behind' initiative to help many laid off teachers in skill development and employability. Let me know if Gatton College faculty (and any other colleges within UK) will be interested in imparting additional skills via online education to willing registrants.

Will be traveling (Aug. 28 – 30) and (Sep 8-9). Easier to reach me at: [msviji2020@yahoo.com](mailto:msviji2020@yahoo.com)  
When out of town, I try to keep my cell phone on (859 -321 – 4986).

Thank you and best personal regards.
